

"Koura Public Park" Competition

Objective:

In collaboration between the order of engineers and architects-Tripoli ,
"Koullouna ahel" NGO and Mr.Jack and Hadi Saba, we are launching the first
"Koura Public Park" competition located in Kfarhazir-EL koura.

This park is meant to be a place for families to visit, socialize and enjoy few hours
in a vibrant garden with nice landscaping and entertainment facilities. It will also
be a festive location to celebrate many occasions with diverse activities and
events. It will be an attraction and get-away for locals and visitors to walk, cycle,
make sports, relax, gather for events and buy homemade products from different
villages of koura. Farmers and families will be able the built-up stands provided in
the design concept to exhibit and sell their homemade products.

Also the design should consider an area where we might be able to install a stage
when needed for live shows (cooking shows, art shows, live performances...).

Location:

Koura is one of the districts of north-lebanon governate, particularly known for
its olives trees and olives oil production.

"koura Public Park" is a community project located at the entrance of koura
district, AL-ARZ main road, Kfarhazir. The plot is facing "koura gate center" and
